

WORLD CLASS Reading Project

ABOUT WORLD CLASS READING PROJECT

Our World Class Reading Project is based on the same principles as our World Class Math Project – provide an adult to monitor the practice. Our school system emphasizes primarily two components in the science of reading

1. Decode individual words
2. Comprehend the read material

Our research shows that fluent and rapid decoding of words is the cornerstone of reading. Therefore, our approach involves students reading aloud to a volunteer who will supervise and monitor the reading session. The monitor will guide the student using Socratic questioning.

READING LIST

Our reading list includes the following classics.

- *Little Women*, Alcott, Louisa May Alcott
- *The Secret Garden*, Frances Hodgson Burnett
- *The Last of the Mohicans*, James Fenimore Cooper
- *The Jungle Book*, Rudyard Kipling
- *The Call of the Wild*, Jack London
- *Tom Sawyer*, Mark Twaine

END PRODUCT

The vast majority of parents will be able to become effective monitors using the the World Class Reading Project.

The end product of any reading program is to take a student to a level so he/she can read on his/her own and enjoy the benefits and beauty of the written word.
